Build Your Library

Are you one of those people who would rather spend the day snuggled up in bed with a great book in your hands? Are you perhaps a teacher that wants to prepare a summer list for your students in an innovative way that will make it more interesting? Do you have more ideas for books you want to read than you can possibly keep track of? Do you have a favorite book series that you want the world to know of? Add it on Booksy then. Booksy is a web-based book library system that will change the way you experience reading.

Booksy gives you the opportunity to:

- 1. Create \ Update \ Delete books.**
- 2. View all the books.**
- 3. Search for books by author, title or genre.**
- 4. Create \ Delete a personal list of books.**
- 5. Add \ Remove books from your lists.**
- 6. View yours and the lists of other users.**
- 7. Search for lists by their name or the user they belong to.**
- 8. Create \ Delete personal notes for every book.**
- 9. See all your notes or just notes for a specific book.**
- 10. View your personal account information.**
- 11. Update your personal account information.**

The admin of the system can:

- 1. Add \ Remove users.**
